

Subject: COVID update - Second Grade Class Health

Date: April 14, 2021

Dear parents of the second grade class,

A member of the second grade has been in quarantine at home because they were under CDC guidelines a contact of a family member who had Covid-19 symptoms and who subsequently tested positive. No Rivermont student or teacher was a Covid-19 contact of the student, meaning there was no risk to our masked students or teachers.

The student, while in continued quarantine at home, has now tested positive for Covid-19 and will therefore continue quarantine at home for an additional full quarantine period and a further Covid-19 test.

Our contact tracing, masking, distancing, and hygiene efforts continue to safeguard our Rivermont student body.

Please feel free to call me at school or on my cell listed below at any time.
