How Your Support Makes an Impact

Tuition and fees cover about 70% of the actual cost of running Rivermont Collegiate. The Excellence Fund fills the remaining gap in the yearly budget, making sure classrooms are fully staffed, resources are up-to-date, technology systems work reliably, and our campus is well-kept and inviting. Expenses beyond the scope of the annual budget, like major capital projects or special initiatives, are separate and not included in the funding needed for the school's daily operations.
